

# "We don't want you to Worry."

Having served families for generations, we know how important it is to have peace of mind. Here at Thielen Funeral Home and Private Crematory, we have taken care of the details.

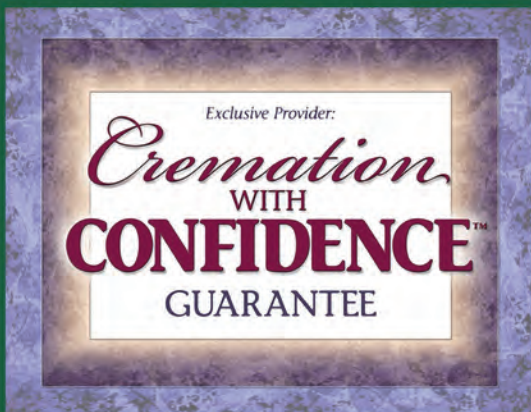

We are the exclusive provider in our area to offer the **Cremation with Confidence™** Guarantee, which promises we follow a 10-step cremation process. Our on-site crematory ensures your family's peace of mind and that your loved one never leaves our care.

brochure

Why drive across town  
when you can

walk across the hall?

Thielen Funeral Home is the area's only funeral home with a community room for luncheons or celebrations of life.

**Yes!** Please send me a **Cremation with Confidence™** brochure along with other service information for my family

Our facility was constructed from the ground up with funeral service in mind. After listening to those we serve, we allowed for a parking lot large enough to accommodate those in attendance, a community room for luncheons or a relaxed celebration of life, a large chapel, and all the little details that make your funeral home comfortable and accessible.

Our on-site crematory is our way of showing our commitment to you. With the only crematory in the area located on the premises, we do everything possible to maintain complete control of the cremation services and process. We are here to answer all of your questions regarding the options available for cremation.
